

F2 Topic Homework Tasks

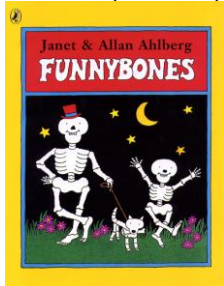

Spring 1

Healthy and Happy

Below are a range of extra homework tasks that are linked to your child's learning in school, based on the topic we will be covering. Children can choose which of the activities they do, if they would like to engage in extra topic homework. Children are not expected to do all of the tasks. As you do a homework task, cross it off the grid and hand it in to be displayed and discussed in class. Enjoy!

Task 1

Read the story 'Funny Bones'.

Can you learn the song about some of the bones in the human skeleton?

Maybe you could record yourself doing this to share in class.

Task 2

Investigate the human senses and the organs which link to them.

Create your own simple drawings or fact file about them.

Task 3

Learn which foods are healthy for us. Can you help to cook a healthy recipe? E.g. fruit kebabs, vegetable soup...

Task 4

Find out about the people who help us. What do they do to help you?

Task 5

Try a new way of exercising! It could be hula-hooping, skipping, jogging, swimming etc...

Task 6

On 5th February it will be Chinese new year. Find out which year you were born in, and what animal represents that year. Draw a picture of that animal.

Be Creative... if you have other ideas, It would be great to see your work!!!
