

Sport Premium Funding  
2017-18

Impact Report

## The Sports Premium Fund

The government has provided funding of £150 million per annum since the academic year 2013/14 with a view to provide new and substantial primary school sport funding. The funding is jointly provided by the Departments for Education, Health and Culture, Media and Sport, and sees the money going directly to Primary schools to spend on improving the quality of sport and PE for all their pupils. From the academic year 2013/14, each school received £8,000 with a view to providing an extra £5 per pupils each year. In July 2017, the Government announced it was going to increase the amount of Sports Premium funding given to schools. In 2017 the funding has doubled to £16,000 plus £10 per child.

In 2017/18 St Patrick's received £13,439.

On receiving confirmation of the amount of funding, a vision for the funding was created and an action plan.

## Our Vision

To provide children with a wide range of opportunities to grasp the fundamental PE skills.

## Next steps

With a change in a number of staff, the confidence and competence of staff teaching will be the focus point of the new funding.

To continue to purchase new resources to allow a wider range of opportunities for the children of St Patrick's. These resources will also increase the activeness of playtimes and lunchtimes at St Patrick's.

To introduce opportunities for children to take part in competitions, including: personal, intra-school and inter-school competitions.
