

## **Tina Estrada - Parent Governor**

I became a governor in 2012 as I wanted to become involved in helping the school provide an effective and engaging learning environment with high standards and in which each child can reach their full potential.

I have been a Marlborough parent for the last 10 years and still have a child in Year 6. During this time, I have been a class representative and I am also an active member of the PTA. This has given me a good opportunity to get to know many parents, staff and pupils and to understand their views and concerns.

Previously, I worked as a solicitor but I am currently on a career break.
