

Eco Council &

The Eco-Council need your help!!

St Joseph's Eco-Council have recently discovered that

love to recycle almost as much as we do!

With that in mind, we are asking if you could kindly collect any plastic bottle tops and pop them into school at your convenience throughout the remainder of the school year.

Each Eco member will have a designated recycle box in their classroom and will be responsible for collecting the bottle tops, so make sure you know who your class Eco member is!

*When enough have been collected we will be making trips to our nearest **LUSH** store to hand deliver the bottle tops ourselves!*

Thank you for your continued support,

St Joseph's Eco Council
