

Year 2 Take Home Task

You must complete at least one activity from the grid below. All activities are worth 5 Dragon points - challenge yourself to see how many you can earn by Thursday 14th February! If you need any resources, please let us know as soon as possible. Have fun ☺

English I enjoy reading, writing and speaking.	Present a fact file about a place in the world that you have visited - in the UK or abroad. What can you tell us about it? How can you persuade us to go there?	Create a presentation showing everything that you already know about India. Can you include any interesting facts to teach your friends?	Write a poem about another place or country. How are you going to present this? What will the layout be like? Why?
Mathematics I enjoy working with numbers.	Research some mathematical data about India - <ul style="list-style-type: none"> ➤ How many people live there? ➤ How many different languages are spoken? ➤ What is the highest mountain in India? How high is it? 	Make a 2 times table fact sheet. Can you use pictures to represent your multiplication facts?	https://www.topmarks.co.uk/maths-games/5-7-years/times-tables Visit the Topmarks website and test yourself on your times tables! Can you beat your highest scores? Keep a record of them!
Visual I enjoy painting, drawing and visualising.	Paint or draw an image that you think represents India. What does the country bring to your mind?	Create a replica of the Indian flag. What materials could you use? Be creative!	Can you draw a map of India? Can you add labels? What are the seas called around the country? What countries is it next to?
Kinaesthetic I enjoy being active and doing hands-on activities.	Make an iconic Indian landmark - Taj Mahal, The Golden Temple, Bahai Temple - using Lego, play-dough or clay.	Make some typically Indian food that you can show other children and explain to them how you made it.	The national bird of India is the peacock and the national animal is the tiger. Could you make a model of either of these?
Music I enjoy making and listening to music.	Listen to the National Anthem of India. Could you make up a dance to it to teach your friends?	Research Indian musical instruments. Choose one you could make - perhaps a sitar?	Create a song about India. What things do you know? What key geographical features could you include?
Science I enjoy investigating and experimenting. Focus: Living things and their habitats	Look outside in dark, damp places. What types of insects can you find? Are there different types? Can you draw or photograph some?	On the beach, when the tide is out, there are different living things. Look in rock pools to see what you can find. Can you create an information page to show these?	Complete a worm survey! Worms like dark, damp places so they may be under rotting wood or beneath stones. Did you find more immature (young) worms than adults?
