

English

We will be looking at different narrative devices used by the author and how they affect the story. We will also be building on our comprehension, to form an understanding of why the author made particular choices and what affect it has on the reader.

PE

In PE, we will continue to develop our gymnastics and dance skills during indoor PE and we will focus on Netball when we are outside.

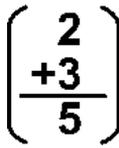

History / Geography

This term we will be focusing on Geography. We will be looking at the formation and features of mountains.

MFL

As well as continuing to embed previously learned vocabulary, In French we will also be looking at different animals and the continents and countries they are associated with.

Mathematics

In Maths, we will be exploring the order of operations and algebra, as well as multiplying and dividing fractions. We will also be revising some of the areas covered during the Autumn term including both shape and number.

Curriculum Overview

Year

Spring Term

PHCE and SMSC

We will be exploring how to keep ourselves healthy and we will also identify and discuss our 'dreams and goals'.

Science

In Science we are looking at animal adaptation and how this leads to evolution. We will also be looking at inheritance and how offspring share features of their parents.

Computing

In computing, we will be exploring 'Robotics and Systems'. This will involve creating and using algorithms for programming as well as exploring detection and correcting of 'bugs'.

The Arts

In Music, we will be composing, listening and performing our own pieces.

In Art and Design we will explore a textiles to design, create and evaluate our own cross stitch piece. We will also be focusing on evolutionary sketches.

RE

In RE we will be exploring the concept of belonging. We will also be looking at communicating beyond prayer and sacred spaces.
