- Beautiful singing from all the children. Lovely choice of songs. Really impressive performances by each class as well as together. Superb and uplifting.
- A great effort from the children (and staff!) with lovely singing. A really nice break to focus on the children and the message of Christmas at what is always a hectic time. Lovely mix of participation in singing, reading and acting.
- The entire performance, from the singing, acting and songs choice. I enjoyed watching and listening to them. Well done to all and have a wonderful holidays.
- Really beautiful service. Beautiful singing. Felt very emotional and brought a tear to my eye. Great way to take time out and remember the true meaning of Christmas. Very inclusive for family and friends.
- Everything! Loved the candlelight and the singing was beautiful. One of my favourite things about Christmas. The kids were brilliant!
- Excellent service – we thoroughly enjoyed it – a lovely preparation for Christmas.
- Everything! It really was a beautiful service. The children and teachers should be so proud. Amazing, thank you.
- The singing!
- All of it! Fabulous singing from all the children and great acting too. Nice that each year group got their turn to shine. Thanks to all involved for giving up your evening.
- The singing was beautiful and we really enjoyed the songs. We also liked the acting out of the Nativity and felt this made it even more special. It was nice for each year to sing a carol on their own as well as together.
- How engaging and confident the children were in their singing and their clear enjoyment at participating in the service.

2. Is there anything you think could be improved with regard to productions such as this?

- Perhaps a 6pm start so younger siblings aren't up too late.
- Make it clearer on the programme when a child is doing a solo as parents were singing when that was the case!
- The parents joining in the singing a bit more in the 'ALL' sections.
- Nothing I can think of so far. For me, it was brilliant.
- This year – length and content perfect.
- The solo at the beginning should have been marked on the programme as there was some confusion. It would have been nice to see the children on different levels so we could see them more easily.
- Absolutely not. The whole thing was amazing and magical – well done to all involved!
