Let's Talk About It!

Who this is for

Parents and anyone in the community who has contact with children and young people, including Out-of-school providers, staff and volunteers at clubs i.e. Sports, Scouts, Guides, Church groups, charity organisations, public transport companies and young people.

Why should I attend?

Child Sexual Exploitation or CSE is a term that has been mentioned a lot in the media recently. It's not always easy to define though because it can look very different in each situation. Come along to a roadshow event near you (details below) and find out how, together, we can minimise the risk of children and young people becoming victims of CSE.

The PREVENT Duty is about keeping people and communities safe from the threat of terrorism. The 'Let's Talk About It' roadshow will provide information to help you spot potential signs that a child or young person may be at risk of radicalisation, religious or political, and what to do if you suspect this.

Date

Thursday 28th February 2019
