18<sup>th</sup> January 2018

Dear Parents,

At Brooklands Primary School, we believe that online safety education is a crucial element of the curriculum and an essential part of young people’s development. To celebrate the many positives of the Internet, and to raise awareness of the issues that children and young people face online today, Brooklands Primary School will be hosting an online safety information meeting for parents of children from Reception to Year Six to coincide with ‘Safer Internet Week’. The session will provide practical advice and safety tips to help manage online safety issues, and will raise discussion surrounding appropriate behaviour online. The session will also raise awareness of the online safety messages that your child receives in school, in order that they can be reinforced in your home environment.

The session will be delivered by Gary Melia, a specialist Computing teacher for Knowsley City Learning Centres, and will be held on **Friday 8<sup>th</sup> February at 9am** in the school hall. The session will last for approximately 45 minutes to an hour, with designated time for parent questions.

Please note that this information meeting will be recorded for parents who are unable to attend on the day. A link will be emailed out to parents after the event for those who were unable to attend to watch the recording online.

We hope that you will be able to attend this important session and look forward to seeing you there.

Yours sincerely,

Mrs L. Crowe  
Computing leader

Mr M. Copping  
Headteacher
