- Comparing old and new toys
- Using programmable toys
- E-Safety

Expressive Arts & Design

- Role-play: toy shop
- Building with recycled materials
- Textiles and collage - weaving, sewing finger puppets

Topic

This term we are exploring toys and the materials used to make them. We will compare toys now to those in the past and toys played with around the world.

Through our work on materials we will investigate how materials change such as when heated, frozen or by the use of a force.

Chinese New Year begins on Tuesday 5th February and Wrens will be learning about its significance and how it is celebrated.

Book Week begins on the 28th January - more details to follow.
