17 January 2019

Dear Parents/Carers

A date for your diary.....

We will be holding a 'Maths Workshop' for year 1 and 2 parents/carers, at school, on Thursday the 31st January 2019 from 5.30 – 6.30 p.m.

I will be leading this year's workshop and the focus will be on Singapore Maths. We have introduced this new approach, throughout the school, over the past year. Singapore maths is a child-centred approach and incorporates; resources, problem solving, fluency as well as individual and group work on a daily basis. We believe this method of teaching helps the children to visualise the mathematical concept within a word problem.

As usual, the workshop will be practical with lots of opportunities to talk, ask questions and work together to solve the problems the way the children do in school. This will be a workshop with lots of ideas on how you can support your child at home.

We respectfully request that parents do not bring children to this workshop.

I do hope you will take advantage of this opportunity.

Please indicate below if you hope to attend.

Many thanks.

Lesley Sym.
