Dear Parent / Carer,

**Re: Your child's health – a brief screening questionnaire**

The **School Nursing Teams in Hillingdon** work in partnership with children, young people and families as well as schools and the local authority to ensure that pupils are supported within their school community to **remain healthy and receive the right support where it is needed**.

As your son/daughter has started school (Reception Year), it is a **good time to review their health** through this brief questionnaire as recommended in the 'Healthy Child Programme' (Department of Health, 2009).

Each school in Hillingdon has a named School Nurse. The School Nurse runs a confidential service in schools. We can help where young people want advice or need to talk to someone about any worries relating to their health and well-being, as well as provide support and advice to parents/carers.

The questionnaire provides an **opportunity to identify any new or on-going health needs** your son/daughter may have and require additional support with, and enable individual follow-up actions which may be required to support you in ensuring your **child remains healthy as possible**.

This information will be kept safely in your child's School Health Record, and will not be shared with any third party.

The questionnaire will take **less than five minutes to complete**, and one questionnaire should be completed per child. \*Please complete the questionnaire even if you believe your child to have no health needs. **The questionnaire will close on Friday 15<sup>th</sup> February 2019**.

***Please click on the below link to complete the questionnaire:***

We **thank you** for taking the time to work with us in supporting our young people's health in Hillingdon.

Yours Faithfully,

**The Hillingdon School Nursing Team**
