1. Aims

Schools are required under the Equality Act 2010 to have an accessibility plan. The purpose of the plan is to:

- Increase the extent to which disabled pupils can participate in the curriculum
- Improve the physical environment of the school to enable disabled pupils to take better advantage of education, benefits, facilities and services provided
- Improve the availability of accessible information to disabled pupils

Our school aims to treat all its pupils fairly and with respect. This involves providing access and opportunities for all pupils without discrimination of any kind. Here at Mayfield we strive to promote equality and inclusion by ensuring that all pupils have equal access to an appropriate, board, balanced, relevant and differentiated curriculum. We aim to provide access to high quality first teaching in all of our classrooms.

The plan will be made available online on the school website, and paper copies are available upon request.

Our school is also committed to ensuring staff are trained in equality issues with reference to the Equality Act 2010, including understanding disability issues.

The school supports any available partnerships to develop and implement the plan.

Our school's complaints procedure covers the accessibility plan. If you have any concerns relating to accessibility in school, this procedure sets out the process for raising these concerns. This can be accessed through the policy section on our school website.

We have included a range of stakeholders in the development of this accessibility plan, including staff, parents, children and governors.

2. Legislation and guidance

This document meets the requirements of schedule 10 of the Equality Act 2010 and the Department for Education (DfE) guidance for schools on the Equality Act 2010.

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a ‘substantial’ and ‘long-term’ adverse effect on his or her ability to undertake normal day to day activities.

Under the Special Educational Needs and Disability (SEND) Code of Practice, ‘long-term’ is defined as ‘a year or more’ and ‘substantial’ is defined as ‘more than minor or trivial’. The definition includes sensory impairments such as those affecting sight or hearing, and long-term health conditions such as asthma, diabetes, epilepsy and cancer.

Schools are required to make ‘reasonable adjustments’ for pupils with disabilities under the Equality Act 2010, to alleviate any substantial disadvantage that a disabled pupil faces in comparison with non-disabled pupils. This can include, for example, the provision of an auxiliary aid or adjustments to premises.

This policy complies with our funding agreement and articles of association.
### 3. Action plan
This action plan sets out the aims of our accessibility plan in accordance with the Equality Act 2010.

<td>Increase access to the curriculum for pupils with a disability</td>
<td>Our school offers a differentiated curriculum for all pupils. We use resources tailored to the needs of pupils who require support to access the curriculum such as IPADS, IPODS, visual timetables and quality assured intervention packages such as BLAST. Curriculum progress is tracked for all pupils, including those with a disability. We have a range of methods for this including Target Tracker and PIVATS5 for those children who are working significantly behind their peers (from a similar starting point)</td>
<td><strong>Short Term Objectives:</strong> Raise the awareness of the curriculum needs of all pupils with SEND. Ensure that Class teachers and TA’s are matching their planning and provisions for SEN children to their individual needs.</td>
<td>SENCo to lead training on the four areas of need during whole school staff meetings. One Session on each of the areas per half term. SENCo to monitor the setting of SMART targets for SEND pupils. One meeting per half term with class teachers and SENCo to discuss targets. Class teachers to update our online provision mapper tool on a half termly basis.</td>
