Parental warning: FORTNITE

What is FORTNITE?

- Fortnite is an online game and can be played on any computer, tablet or phone.
- 100 players are dropped on an Island and have to kill each other until 1 player survives.

Children at Anderton Park should not be playing this game because:

- Players have **weapons to kill** people with eg, guns and grenades;
- Age restriction is 12 years and over; so no primary aged child should be playing it.
- Children can talk to strangers through the game;
- It is game where children practise killing people;

We are very concerned as many children at Anderton Park are playing this game; some parents have reported that children are skipping dinner, refusing to come off the computer and playing online until 11pm. It has started to effect learning as children are discussing this game during lessons- this is shocking.

Parents; **YOU ARE IN CHARGE!**

You decide what game your child can play - not them.

Insist they choose another game other than Fortnite.

Thank you for your support in this,

Mrs Evans, Deputy Head.
