

In art the children will:

- Learn about the work of Jim Dine, an American Pop artist.
- Use a range of materials including paint and pastels to create their own piece in the style of Jim Dine.

In science, the children will:

- Learn about the function of the heart, blood vessels and different blood cells.
- Learn how nutrients and water are transported around the body
- Investigate the effects of exercise on their bodies
- Learn how exercise, diet, smoking and drugs affect their bodies.

In literacy, the children will:

- Write a range of texts based on the theme linked to class texts.
- Read and respond to a range of texts, building on their vocabulary and developing their skills of inference
- Consolidate their understanding of different word classes.
- 

# ‘Healthy Hearts’

In maths the children will:

- Draw and translate simple shapes on the coordinate plane, and reflect them in the axes.
- Be able to calculate with decimals
- Understand the term percentages and learn how to use them
- Create algebraic expressions and simple algebraic problems.

In PE, the children will:

- Take part in indoor athletics sessions, developing their skills in throwing, jumping and sprinting.

In RE, the children will:

- Learn about the different parts of the Mass
- Learn about the first Passover and show an understanding of the links between it and the Last Supper Jesus had with his disciples.
- Reflect on the importance of the body and blood of Christ for Catholics.

Class Novels

Clockwork by Philip Pullman

The Island at the End of Everything by Kiran Millwood Hargrave
