Re: Online safety workshop

Dear Parents and Carers,

Young people use the internet for a variety of activities, including Games, Research, Homework and Social Networking. Whilst they are confident with the technology, children are not always able to make the right decisions about what they access, who they talk to and what they might post about themselves and others on the internet.

Although we teach pupils e-safety as part of the curriculum, pupils need to be empowered to keep themselves safe. It is essential that parents are aware of the risks and what they can do to develop a culture of e-safety at home as they have a vital role to play in helping to keep their child safe online.

As part of our commitment to safeguarding our pupils and working with you, we have organised an e-safety workshop for parents.

We would like to invite you to attend a workshop called 'Keeping your child safe on line' which will be run by Mrs Foxley Johnson our anti bullying governor. This will take place on Wednesday 6th February and the session will run at both 9am-10am and 6pm-7pm for parents, these were the most popular times when we surveyed parents about meetings.

We are hoping as many parents/carers will attend as possible and we would be grateful if you could indicate on the slip below if you will be attending. Please note, this parent workshop is **not** suitable for children, so we ask for children not to attend.

Thank you for your continued support,

Mrs A. E. Bartholomew
Head Teacher

Dear Mrs Foxley Johnson,

I will be attending the e-safety workshop on Wednesday 6th February at:

9am Number of adults attending _____

6pm Number of adults attending _____

Signed: _____ Date: _____
