

Week 3

Friday 25th January 2019

## This Week

Year 1 wrote their own versions of 'The Rainbow Serpent' and have copied them up in neat handwriting to display in the classroom.

We have also explored why the suffix -ed is added to the end of words such as look and tickle...it's so we can say they happened in the past! We used verbs such as slithered, looked, glided and swallowed in our 'Rainbow Serpent' Recounts.

In maths we have been exploring 10 and some more using Cuisenaire rods and double tens frames. We found out that the second digit in a number represents how many more than a ten a number is! We have also discussed the naughty numbers that do not follow a pattern such as eleven, twelve and fifteen.

## FYI

- Reading update and information sessions Monday 28th 3:30pm-3:50pm and Tuesday 29th 8:25am-8:45am
- NSPCC Number day is Wednesday 30th January
- Friday 1st Feb PTA film night

## Snap!

This is an easy fantastic game that can be played with any type of cards that promotes social as well as mathematical skills. We have been playing it in school as we come in this week-we have had to really focus on what looks similar to be able to shout SNAP!

## Mrs Dunk's message

The cold weather has hit us this week! I can't work out who was more excited about the snow me or the children! I'm glad to see the children layering up but I am aware we are losing some items and some are being left unclaimed at the end of the day. Please do put initials on labels wherever possible so these lonely items can be returned to their rightful owner.
