2. Pen Portrait

Governor Pen Portrait
<p>Background: I was born in Coventry and attended Tile Hill Wood school. I then went to University at the university of East Anglia and following this became a qualified accountant. I have worked in retail for Over 25 years in Commercial roles.</p>
<p>Relevant experience I was invited to become a Governor to add Financial expertise to the Group as this at the time was felt to be limited. The Chair of Governors wanted me to ensure there was enough questioning and challenge to the existing Group.</p>
<p>All about me Personally, I have been married for 15 years to Tony and have a 14 year old Daughter Katie. I still live on the South West side of the city.</p>
