

Clipstone Brook

Maths in KS2

January 2019

Dear Parents / Carers

We use White Rose maths planning guidance to teach Maths. We have decided to restructure teaching so that it is taught in year groups. This way we will be able to teach year 3 / 4 more effectively and maximise learning. Pupils in Year 3 are being taught Maths in either Turtle or Whale classes and pupils in Year 4 are being taught Maths in either Octopus or Dolphin classes.

A teaching assistant supports the two Year 3 classes over the week and neither maths group has over 30 pupils in it.

Maths groups are mixed ability and not set.

If you have any questions or concerns to the changes to Maths, please make an appointment with myself.

Kind regards

Mr Rowe
Assistant Head and Math Coordinator
