

**Your child's next topics will be:**

- Enchanting China
- Walk like an Egyptian

**During this term, your child will learn about:**

- The geography of China
- Quest Myths
- Plays and scripts
- Chinese tales
- The Shang dynasty
- Chinese New Year
- Creation stories
- Multiplication and division
- Using money and change giving
- Presenting and interpreting data
- Length and perimeter
- Fractions
- Magnets
- The geography and history of Ancient Egypt

**The children will concentrate on:**

- Designing and making a moving Chinese dragon using pneumatics
- Identifying the characteristics of myths from the far East and writing a myth of their own
- Comparing China to England
- Performing a Chinese assembly
- How magnets work and their properties
- Legends and myths
- Making tourist leaflets
- Extending vocabulary
- Problem solving

**Your child will make a visit to:**

- Bagshaw Museum

**Please note your child needs to bring:**

- Swimming Kit - **Tuesday**
- Homework books returned - **Wednesday**
- PE Kit - **Wednesday**
- Book Bags - **Everyday**

Please try to support your child in remembering to bring these in on the correct day.

**Ways to help your children are:**

- Helping them to learn the times tables times up to 12x
- Asking them multiplication and division calculations relating to the times table they are learning
- Reading with them (emphasis on enjoyment and checking that they understand what they read)
- Helping them to learn weekly spellings
- Help with the research topic (China then Ancient Egypt) by visiting the library or using the internet
- Helping them learn their lines for Chinese assembly
