

Disclosure and Barring Policy & Procedure

Principle

The Greetland Academy Trust is committed to safeguarding and promoting the welfare of our staff, students and visitors. Ensuring the safety of our academy community is of paramount importance to us and this policy reflects our dedication to creating a safe environment where pupils are cared for appropriately and safeguarded from harm.

Disclosure and Barring Service (DBS) checks replaced Criminal Record and Background (CRB) checks in 2012. DBS checks enable the Trust to ascertain an individual's suitability to work with children and in an educational environment. This policy has been created to inform staff, pupils and parents of the measures taken by the Trust to ensure all employees and pupils are safe and cared for.

In addition, it outlines our commitment to meeting legislative requirements, DfE standards, data protection responsibilities and Ofsted guidance as outlined in the Policy.

This document should be read in conjunction with the DBS Code of Practice; The Safeguarding Children and Safer Recruitment in Education DfE guidance; The Data Protection Act 2018; The Freedom of Information Act 2000 and The Education Act 2002.

Background Information on DBS checks

- Checks are legally required on those working with children and young people under 18, and with vulnerable adults.
- There are **two categories of DBS check**; standard and enhanced. The category is determined by the risks involved in the situation.
- **'Portability'** is the term used to describe the re-use of a DBS disclosure, obtained in one organisation and later used in another organisation.
- Individuals are unable to apply for a DBS check on their own behalf; checking is done through **an umbrella body**. The Greetland Academy Trust is not an umbrella body and uses Calderdale MBC HR Dept as its bureau.
- There is a **cost for the check itself** and **an additional administrative cost** paid to the umbrella organisation. The total cost is approximately £44 and for volunteers there is a lower administration charge of approximately £12 (2014 prices).
- DBS checks are usually processed within approximately 3 weeks at the current time of writing this policy.

Expectations of The Greetland Academy Trust

- Where DBS checks are required they must be **enhanced and current** (less than 5 years old).
- **Portability**: the DBS check must relate to actual working situation. A DBS check obtained through another organisation would be **accepted only if the working situation matched The Greetland Academy Trust working situation and was current and enhanced**. The main consideration is likely to be one of the level of supervision.

Those required to provide proof of an appropriate DBS check to The Greetland Academy Trust

- All permanent staff.
- All supply staff – in some instances this may be a portable certificate if provided by another school within the Local Authority specifically for supply teaching.
- Anyone providing services for The Trust who is working with pupils at their academies e.g. peripatetic music instructor or external PE provider.

Volunteers

- All members of the governing body
- All regular volunteers helping in school
- All students undertaking work experience for more than their two week work experience programme

Procedure for checking DBS disclosures

- The disclosure will be sent direct to the applicant. On receipt of a disclosure it is the responsibility of the person undergoing the check to supply The Trust with the disclosure number and date endorsed.
- The Trust is responsible for ensuring that those it requires to be checked, have received an appropriate disclosure. This means that someone in the organisation has to have sight of the document and record details in its own record system. Copies of the documents are not permitted. Relevant data will be stored on The Trust's Central DBS Records.
- The Trust contracts will include a requirement to provide evidence of an appropriate DBS disclosure and all advertisements will state this requirement.

- Members wishing to advertise their services through The Trust will be required to state in writing that they will not be working with under 18s or with vulnerable adults in an unsupervised setting. If they are working with these groups or expect to recruit students in either group, they will need to obtain a DBS check.

List 99 checks

There are many occasions when visitors come into school to work with pupils. In these instances, where they are not working in an unsupervised setting, and are only visiting the school on a single occasion, a List 99 will be obtained prior to approval of the visit. Details of the visitors full name, date of birth and address will be obtained and a request will be made through the Local Authority HR Dept for a List 99 check. A record of the check will be held by the Trust on the Central DBS Record.

Contractors

The Trust will look favourably on contractors who hold DBS disclosures. However, this will not be a stipulation of working at the Trust. If a DBS disclosure is not in place then contractors will be expected to carry out works when the academy is closed to pupils. If, in an emergency, work has to be undertaken when the academy is open then the contractor will be required to provide their disclosure number and date of issue or it will be necessary for the contractor to be accompanied by a member of the academy staff. At no time will be contractor be allowed to work unsupervised during open hours if the above is not adhered to.
