

Pupil Premium Strategy Statement: Rushall Primary School 2018-2019

REVIEWED JANUARY 2019

Summary information

School	Rushall Primary School				
Academic Year	2018/2019 Financial Year April 2018- 2019	Total PP budget	£104,880	Date of most recent PP Review	May 2015 June 2015 (Ofsted)
Total number of pupils	225	Number of pupils eligible for PP	73 (Reception – Year 6)	Date for next internal review of this strategy	January 2019- complete July 2019

1. Barriers to future attainment (for pupils eligible for PP, including high ability)

In-school barriers *(issues to be addressed in school, such as poor oral language skills)*

A.	Oral language skills in EYFS upon entry to school are lower for pupils eligible for PP than for other pupils. This slows progress in RWM in subsequent years.
B.	High ability pupils(HAPS) who are eligible for PP need to continue to make sustained progress and for some children accelerated progress throughout school to reach their full potential. If they do not achieve at the higher levels this will prevent sustained high achievement in Key Stage 3.
C.	We have a high percentage of pupils (41%) who are SEND and PP. We need to ensure that pupils who are not SEND reach the expected standard in their year group objectives.
D.	Historically extra-curriculum experiences outside school hours have predominately been aimed at KS2 pupils.

External barriers *(issues which also require action outside school, such as low attendance rates)*

E.	<p>Attendance rates for pupils eligible for PP was 93%(as of Summer 2018). We need to continue to monitor this, as we know that poor attendance reduces school hours and causes children to fall behind. We will continue to monitor attendance on a daily basis and collectively as a leadership team half termly.</p> <ul style="list-style-type: none"> In 2016/2017, 10% of pupils who are eligible for PP had attendance below 90% (national average 11%) In 2017/2018, 14% of pupils who are eligible for PP had attendance below 90% (national average 11%)
----	--

2. Desired outcomes

	<i>Desired outcomes and how they will be measured</i>	<i>Success criteria</i>
--	---	-------------------------

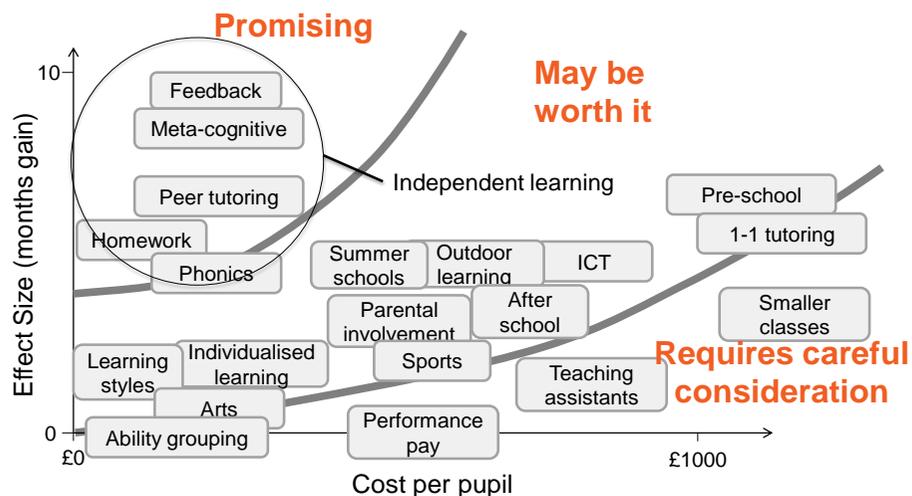

A.	Improve oral language skills for pupils eligible for PP across EYFS and KS1.	<p>In 2018/2019 our aim is to:</p> <ul style="list-style-type: none"> • Pupils eligible for PP in EYFS & KS1 make rapid progress by the end of the year so that all pupils eligible for PP meet age related expectations.
B.	Higher rates of progress for children in RWM for children considered HAPS.	<p>In 2018/2019 our aim is to:</p> <ul style="list-style-type: none"> • Pupils eligible for PP identified as high ability to continue to make as much progress as 'other' pupils identified as high ability, across Key Stage 1 & 2 in RWM. Reviewed termly.
C.	To continue to ensure that PP children without SEND reach age related expectations in RWM.	<p>In 2018/2019 our aim is to:</p> <ul style="list-style-type: none"> • For PP children without SEND to reach age related expectations in RWM
D.	To continue to ensure that every child has the opportunity to take part in enrichment and extra-curriculum activities to broaden their life experiences.	<p>In 2018/2019 our aim is to:</p> <ul style="list-style-type: none"> • Increase the number of pupils taking part in extended provision at Rushall, particularly in Key Stage 1. • Offer a greater variety of experiences to cater for the needs and wishes of our children.
E.	Increase attendance rates for pupils eligible for PP.	<p>In 2016/2017:</p> <ul style="list-style-type: none"> • Whole School Attendance = 96% • Attendance for PP = 94% • Attendance for non-PP = 96% • PA (less than 90%) whole school = 9% • PA (less than 90%) for PP = 10% • PA (less than 90%) for non-PP = 3% <p>In 2017/2018:</p> <ul style="list-style-type: none"> • Whole School Attendance = 96% • Attendance for PP = 93% • Attendance for non-PP = 97% • PA (less than 90%) whole school = 9% • PA (less than 90%) for PP = 14% reducing to 11% when looking at Year 1- 6 (not including Reception) • PA (less than 90%) for non-PP = 3%

		<p>In 2018/2019 our aim is to:</p> <ul style="list-style-type: none"> • Reduce the number of persistent absentees among pupils eligible for PP from 14% • Improve rates of attendance for children eligible for PP funding attendance so that they are in line with national average and in line with 'other' pupils.
3. Planned expenditure		
Academic year	2018/19	
<p>The three headings below enable schools to demonstrate how they are using the pupil premium to improve classroom pedagogy, provide targeted support and support whole school strategies.</p>		
<p>i. Quality of teaching for all and targeted support</p> <p>We have used the Education Endowment Foundation (EEF) to guide us in our decision making. We have used a blend of 'promising' and 'may be worth it' approaches to our spending to improve outcomes for our children:</p>		

Overview of value for money

Desired outcome	Chosen action / approach	What is the evidence and rationale for this choice?	How will you ensure it is implemented well?	Staff lead	When will you review implementation?
A. Improved oral language skills in EYFS and Key Stage 1	Staff training on high quality questioning and feedback. Staff training on developing speech,	We want to invest some of the PP in longer term change which will help all pupils. Many different evidence sources, e.g. EEF Toolkit suggest high quality questioning and feedback is an effective way to improve attainment, and it is suitable as an approach that we can embed across the school.	Use of EYFS/KS1 departmental meetings to discuss quality of observations and feedback.	Speech, Language and Communication Needs (SLCN) Champion & Team	Termly through Pupil Progress meetings throughout 2018 - 2019 Early/Talk Boost groups will be delivered

	<p>language and communication needs pupils in EYFS and Y1 – using Early Talk Boost and Talk Boost and Wellcomm strategies</p>	<p><i>Early/Talk Boost KS1</i> is a targeted and evidence-based intervention programme, which supports language delayed children in Reception and Key Stage One (KS1) to make progress with their language and communication skills. The programme is delivered in primary schools by classroom teachers and assistants and provides a structured programme that accelerates children’s progress in language and communication by an average of 18 months after a ten week intervention. Since launch over 58,000 children have benefited from the programme.</p> <p>http://www.ican.org.uk/talkboost</p> <p>WellComm: A Speech and Language Toolkit for Screening and Intervention in the Early Years: Revised Edition plays a crucial role in identifying children with potential language difficulties and offers a range of customised intervention activities to help support their language development.</p> <p>Easy to administer and score, the screening tool uses a unique traffic light system to help practitioners understand the child’s current level of speech and language and to provide a pathway for action, ensuring every child gets the support they need.</p> <ul style="list-style-type: none"> ● Consider referral to a specialist service for further advice/assessment ● Extra support and intervention required ● No intervention currently required <p>With 1 in 10 children under 5 years of age experiencing some degree of difficulty in learning language and communication skills, early identification is crucial. To help achieve this, WellComm Toolkit’s clear and easy-to-use record forms enable the screening process to be carried out quickly and efficiently.</p> <p>https://www.gi-assessment.co.uk/products/wellcomm/</p>	<p>Peer observation of across EYFS/KS1 to ensure quality of questioning, feedback and observations.</p> <p>Consistent implementation of our Feedback Policy. See children’s work for evidence.</p> <p>Talk Boost strategies utilised throughout the school day across EYFS & KS1.</p> <p>Targeted Early/Talk Boost session as a key intervention (see intervention records)</p> <p>Any child meeting the orange and red criteria will be referred immediately to the the SENDCo and a referral to Speech and Language Therapy Team (NHS).</p> <p>Early identification is the key with children with speech, language and communication needs.</p>	<p>SENDCo in respect of pupils identified with SEND.</p> <p>Speech & Language Therapist dedicated</p>	<p>according to need, groups will change throughout the year (see intervention records).</p>
Total budgeted cost				£8,970	
Reviewed January 2019:					

EYFS OVERVIEW:

- 100% of Nursery made expected progress from September 2018 to December 2018
- 100% of Reception made expected progress from September 2018 to December 2018

Reception children at age related expectations in Communication and Language as of September 2018 BASELINE:

Reception	PP at age related expectation in Communication and Language	Non - PP at age related expectation in Communication and Language
		20% 1/5

Reception children at age related expectations in Communication and Language as of January 2019:

Reception	PP at age related expectation in Communication and Language	Non - PP at age related expectation in Communication and Language
		20% 1/5

Reception	PP at age related expectation in Communication and Language and NOT SEND
	33% 1/3

KS1 OVERVIEW:

Key Stage 1	PP at age related expectation in reading	Non - PP at age related expectation in reading
Year 1	42% 5/12	58% 11/19
Year 2	79% 11/14	89% 16/18

Key Stage 1	PP at age related expectation in reading NOT SEND
Year 1	80% 4/5
Year 2	89% 8/9

<p>B. Improved achievement in RWM for HAPS</p>	<p>Quality Feedback and marking.</p> <p>Mastery Approach to mathematics.</p> <p>Meta-cognition strategies to help children think about their learning.</p> <p>Whole school CPD approach- following Maths Hub guidance and support,</p> <p>Developing higher order reading skills through targeted comprehension work to help children with worded problem solving.</p>	<p>High ability pupils eligible for PP are need to make/continue to make excellent progress to ensure that they sustain their HAP level, including demonstration of deeper learning and working at greater depth.</p> <p>Quality Feedback We want to ensure that Teachers and TAs are well supported in offering children quality feedback and marking so that children make the best progress possible.</p> <p>The EFF states that Providing feedback to pupils through verbal and written feedback is integral to effective teaching. Equally, gathering feedback on how well pupils have learned something, is important in enabling teachers to clear up any misunderstanding and provide the right level of challenge in future lessons.</p> <p>https://educationendowmentfoundation.org.uk/school-themes/feedback-monitoring-pupil-progress/</p> <p>Meta-cognition The EEF highlights Meta-cognition and self-regulation approaches (sometimes known as 'learning to learn' approaches) aim to help learners think about their own learning more explicitly. This is usually by teaching pupils specific strategies to set goals, and monitor and evaluate their own academic development. Self-regulation means managing one's own motivation towards learning. The intention is often to give pupils a repertoire of strategies to choose from during learning activities.</p> <p>https://educationendowmentfoundation.org.uk/resources/teaching-learning-toolkit/meta-cognition-and-self-regulation/</p>	<p>Termly data (Assessment Lead).</p> <p>Consistent implementation of our Marking and Feedback Policy. See children's work for evidence of quality marking/feedback.</p> <p>Children's books will evidence progress.</p> <p>Each class will have a dedicated TA to target progress (see intervention records for impact).</p>	<p>SLT, including Maths & English Leads/Teams</p>	<p>Termly through Pupil Progress meetings throughout 2018 – 2019</p> <p>Children targeted with class and small group/1:1 interventions where appropriate.</p>
--	--	---	---	---	---

		<p>Reading (higher order) This year we have purchased Accelerated Reader for our children including a wide range of addition texts. Children using Renaissance Accelerated Reader 360® (including English learners, struggling readers, and students receiving free and reduced lunch) are nearly twice as likely to meet benchmarks for college and career readiness standards, according to a study of data from 2.8 million students.</p> <p>Our main aims:</p> <ul style="list-style-type: none"> • To increase motivation • To increase enjoyment • For every child in our school to read for pleasure <p>Mastery/Greater Depth Learning The EEF states Mastery learning breaks subject matter and learning content into units with clearly specified objectives which are pursued until they are achieved. Learners work through each block of content in a series of sequential steps.</p> <p>Students must demonstrate a high level of success on tests, typically at about the 80% level, before progressing to new content. Mastery learning can be contrasted with other approaches which require pupils to move through the curriculum at a pre-determined pace. Teachers seek to avoid unnecessary repetition by regularly assessing knowledge and skills. Those who do not reach the required level are provided with additional tuition, peer support, small group discussions, or homework so that they can reach the expected level.</p> <p>https://educationendowmentfoundation.org.uk/evidence-summaries/teaching-learning-toolkit/mastery-learning/</p> <p>In mathematics this will be evident in children daily lessons (Maths No Problem approach) where children are encourage to use a concrete, pictorial and abstract approach within focus task, work book challenges and maths journals.</p> <p>In writing this will be evidenced by children using re-drafting and editing techniques to further improve their writing.</p>	<p>AR purchased and set up Summer 2 ready for implementation in Autumn 2018.</p> <p>Children to take their first quiz (reading assessment within the first week in Sept 2018).</p> <p>Data charts regarding reading success will be monitored regularly (at least half termly) tracking success with comprehension, number of words/books read, etc.</p> <p>Celebration of successes shared in whole school weekly Star of the Week assembly</p>		<p>AR progress tracked half termly.</p> <p>Reading results shared weekly in Star of the Week Assembly.</p> <p>Accelerated Reader Board updated regularly to share successes and motivate children.</p>

<p>C. To ensure that PP children without SEND reach age related expectations in RWM.</p> <ul style="list-style-type: none"> Additional information: We have a high percentage of pupils (41%) who are SEND and PP. We need to ensure that pupils who are not SEND reach the expected standard in their year group objectives. 	<p>Quality Feedback and marking.</p> <p>Mastery Approach to Reading, Writing and Mathematics.</p> <p>Meta-cognition strategies to help children think about their learning.</p>	<p>We want to invest some of the PP in longer term change which will help all pupils. Many different evidence sources, e.g. EEF Toolkit suggest high quality questioning and feedback is an effective way to improve attainment, and it is suitable as an approach that we can embed across the school.</p> <p>We want to ensure that Teachers and TAs are well supported in offering children quality feedback and marking so that children make the best progress possible.</p> <p>READING: The EEF states that Reading comprehension approaches to improving reading focus on learners' understanding of the text. They teach a range of techniques that enable pupils to comprehend the meaning of what is written, such as inferring the meaning from context, summarising or identifying key points, using graphic or semantic organisers, developing questioning strategies, and monitoring their own comprehension and identifying difficulties themselves (see also Meta-cognition and self-regulation). See above for Accelerated Reader</p> <p>WRITING: Following whole school INSET in the area of improving children's writing we are working to ensure that all children reach the year group objectives. Teachers and Teaching assistants will help children to continually improve their writing through the editing/ redrafting process and the use of 'Cups and Arms'. This will enable children to apply metacognition approaches to their writing.</p> <p>MATHEMATICS: Mathematics leads are working alongside the Maths hub to drive improvement and raise staff confidence in teaching the mastery approach. Children will gain deeper understanding through using CPA and whole class teaching with targeted support and intervention will ensure that no child is left behind. Evidence will be seen in lessons and work showing children using concrete, pictorial and abstract approaches within focus task, work book challenges and maths journals.</p>	<p>Termly data (Assessment Lead).</p> <p>Consistent implementation of our Marking and Feedback Policy. See children's work for evidence of quality marking/feedback.</p> <p>English & Mathematics Policy set the expectations for all staff</p> <p>Children's books will evidence progress.</p> <p>Each class will have a dedicated TA to target progress (see intervention records for impact).</p>	<p>SLT</p>	<p>Termly through Pupil Progress meetings throughout 2018 -2019</p>

Year 6 (6)	50% 3/6	50% 3/6	50% 3/6

<p>D. To continue to ensure that every child has the opportunity to take part in enrichment and extra-curriculum activities to boarded their life experiences.</p>		<p>All extended school clubs will be free to all PP children in 2018-2019.</p> <p>The EEF states that there is consensus among all those involved in education about the importance of literacy and numeracy. There is also agreement that pupils, including those from disadvantaged backgrounds, deserve a broad and rich curriculum, which is a current research focus for Ofsted. This theme brings together the evidence on a diverse range of approaches that seek to enrich children's school experience. These approaches may happen during or outside of normal school hours and may seek to pursue academic goals through non-traditional means (e.g. improving maths by playing chess); develop children's character (e.g. their motivation or resilience); or pursue wider goals for their own sake.</p> <p>At the EEF, think enriching education has intrinsic benefits. They state that all children, including those from disadvantaged backgrounds, deserve a well-rounded, culturally rich, education. However, many go beyond this and argue that enrichment approaches can directly improve pupils' attainment and it is this link that EEF is particularly interested in.</p> <p><u>General enrichment to the curriculum (+2):</u> https://educationendowmentfoundation.org.uk/school-themes/enrichment/</p> <p><u>Sports Focus (+2):</u> https://educationendowmentfoundation.org.uk/evidence-summaries/teaching-learning-toolkit/sports-participation/</p> <p><u>The Arts Focus (+2):</u> https://educationendowmentfoundation.org.uk/evidence-summaries/teaching-learning-toolkit/arts-participation/</p> <p><u>Outdoor Adventure Education Focus(+4):</u> https://educationendowmentfoundation.org.uk/evidence-summaries/teaching-learning-toolkit/outdoor-adventure-learning/</p>	<p>Discussions with activity leader regarding engagement and attitude within sessions- is this transferring into class?</p> <p>Feedback termly from staff and children via: evaluation forms.
