

Hotspur

Bulletin

Friday 1st February 2019

Dear Parents and Carers,

Well done to everyone for getting to school today in the snow!

A highlight of this week was the Hotspur Showcase on Wednesday evening. 21 diverse acts performed to a capacity audience in the school gym. We had instrumental acts, singers, dancers, gymnasts, stilt walkers, rappers and a games programmer. A staff team opened the evening with a dance number too. The range and quality of performances was excellent. I was also very impressed with the way in which children appreciated and supported each other. It was great to see many families in the audience whose children were not performing this year.

The evening was well-organised so that it moved on seamlessly from act to act. The Y5 and Y6 judging panel who had selected the acts also introduced them and talked about what they had liked about each one.

Eco Updates

Our project this term is 'School Grounds'. We are very excited as we will be developing the sensory garden and we are hoping you can help. We would love it you could come for the Big Garden Makeover on the morning of Saturday 30th March. We would be grateful for donations of materials and we need volunteers who may have specific skills or enthusiasm which would help with the makeover. We will update you in due course via the Hotspur Facebook page with further information.

Events next week

Monday

Grey

Golden Children This Week

Over the last few weeks, Year 4 have been working with theatre company Cap-a-Pie; actors, scientists and engineers from Newcastle University. Together they have made a show about climate change which will be performed at Northern Stage 13th February at 6pm. Tickets are free but must be booked in advance at www.northernstage.co.uk or 0191 2305151.

Winner of the Attendance
Award this week is.....

5B

Well Done!
