Tomb Raiders Topic:

In Science our topic is: Animals including humans

- We will be studying the simple functions of the basic parts of the digestive system in humans
- We will be identifying the different types of teeth in humans and their simple functions
- We will be constructing and interpreting a variety of food chains, identifying producers, predators and prey.

In RE our topic is: What kind of world did Jesus want?

We will be looking at the gospels (good news) and several of the parables Jesus told. We shall be making links between Jesus' teachings and about how we live today.

In PE we will be focusing on: Gymnastics

We will be looking at how to travel, roll and balance. We will have the opportunity to create our own routines and look at how we can refine our movements. We will watch each other's routines and offer ways to improve.

In Art we will be focusing on:

- Increasing our skills and knowledge in the main elements of art including line, shape and colour.
