Register of Business Interests for Academy Trustees

Academies and Trusts are required to establish and maintain a register of pecuniary interests indicating, for all Members, Trustees and the head teacher, **any and all business or charity interests whether or not they believe there is a conflict of interest**. This should include the company by whom they are employed, directorships, significant shareholdings or other appointments of influence within a business or other organisations that may or may not have dealings with the academy/trust. They should include their own interest and those of any member of their immediate family (including partners) or other individuals known to them who may exert influence.
