

History

Industrial Revolution

We will learn about life before, during and after the Industrial Revolution. What it meant for children and families.

Art and

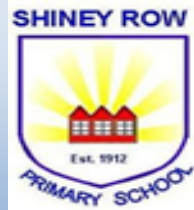

Colour mixing

We will be learning about colour mixing using primary, secondary and tertiary colours. We will make monochrome shades; learning through famous artists.

Science

Scientists and Inventors

We will learn about people who changed history through discoveries and inventions. We will look at people such as: Steve Jobs, Libbie Hyman, Friedrich Miescher, Alexander Fleming and Professor Noel Fitzpatrick—the supervet.

Miss Ward & Mr Houghton -

Class 1

Year 6 - Spring 1

Enhancing Learning

We will look at a variety of ways to research topics and will learn about famous people through scientific and art objectives.

We will enhance our knowledge through regular use of Reading Plus; developing our reading, comprehension and vocabulary skills whilst learning new and interesting information.

RE

What does it mean to belong?

Through stories we know and parables we will be thinking of choices we make and how consequences can effect us.

Music

Our Voices as Instruments

We will be using our voices creatively to join in with songs and rhymes and speak chants. We will also be listening with concentration and understanding to a range of high-quality live and recorded music.

Computing

Internet

We will be investigating the internet. How useful search engines are, how reliable information we find is.

PE

Gymnastics

Children are working towards gaining their proficiency awards with Miss Armstrong.
