

History

In history we will be studying the Stone Age to Iron Age. We will learn about the chronology of the different time periods and study the differences between housing, tools and

Class 5 Spring One

RE

In RE we are studying what Jesus was like and what Christians believe about his teachings.

Art

We will make observational drawings and explore the use of colour and cross hatching through making our own cave paintings linking to our history topics.

Enhancing Learning

Maths – In maths we are focusing on developing our knowledge of column multiplication and short division. We are also beginning to understand how to add and subtract fractions with the same denominator.

Reading – We are improving our retrieval, vocabulary and inference skills by reading the Iron Man and Charlie and the Chocolate factory.

Literacy – We are creating non-chronological reports on the Iron Man and writing a setting and character description.

Computing

This half term focus is to help children develop their coding skills.

Science

The topic is Forces. We will learn about the types of forces and focus on magnetism. We will be experimenting with magnets and how they interact with different objects.

French

We will continue to develop our use of the French language and name foods in French.

PE

Tri-golf
and Gymnastics.
