

Number Day 2019

Whole school homework

Friday 25th January 2019

St Mary's is taking part in 'NSPCC Number Day' on Friday 1st February. During the day we will dress in clothes linked to Maths (with numbers, patterns and shapes), collect silver coins for the NSPCC charity and have a 'Maths' cake sale at the end of the school day.

However, we need cake donations to sell!

So, your homework this week is to be creative and use your Maths skills to follow a recipe and create some Maths inspired cakes and bakes!

You might want to think about numbers or patterns or even shapes to inspire your baking.

Please bring your baked donations into school on the morning of Friday 1st February ready for the cake sale at the end of the day.

Enjoy your recipe reading, ingredient measuring, time telling and creative decorating. We look forward to seeing your donations!

Thank you in advance,

Mrs Kempton
