

This week in Reception:

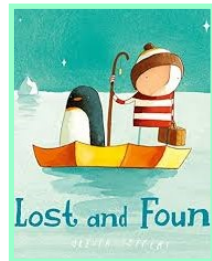

Week beginning 11th February

The children were fantastic at the Mini Olympics at the Sports Centre this week. They took part in events including Baton races, throw the beanbag in the hoops, hurdles and we also came second!!!!!!

Thank you

The penguin from the story 'Lost and Found' has been to visit the children this week. We have been describing the penguin and talking about how he feels.

Home: Can you draw a penguin and write initial sounds or words to describe him?

Notice

The Maths Workshop will now take place on Wednesday 6th March at 3.30pm. Please attend with your child as this will be very useful in showing you ways in which you can help your child at home. Thank you

In number work we have been measuring things with measuring snakes and rulers. The children have been drawing things from the classroom and recording this in cm.

Home: Can you find things in your house which are the same length as each other?

Just a reminder: Some children in the class have buddy readers these children are either from Year 2 or Year 6. If your child has a buddy reader these children will be writing in your child's reading record so, although their spelling may not be perfect, it is a wonderful opportunity for your child to read to someone.

Thank you
