

**Language, Oracy and Literacy**

Children will be writing information texts based on creatures that live in the sea and a story about a well-known clownfish.

**Mathematics**

The children this term will be looking at different measures including length, capacity and time.

**Place and Time**

This term the children will be looking at the different oceans around the world. They will be exploring creatures that live in the sea and how they have adapted to living in this environment.

**Physical and Emotional Health**

This term the children will be learning how to be Archers and they will also be working on their Multi-skills.

Theme title  
**Under the Sea**

**Context:** This Theme will be set around water. The children will be looking at different ways water is used and why it is important on Planet Earth.

**Science and Technology**

We will look at different water habitats and look at what baby animals live in water look like. They will also be looking at simple food chains of sea creatures.

**Arts and Creativity**

The children will be learning about rhythm and beat in music and how to play and sing together in an ensemble.

**Faith and Beliefs**

Children will be learning about Islam and how followers of this religion believe that by making good choices will keep creation in harmony. They will also be learning stories about the prophets.

**Citizenship and Ethics**

This term the children will be discussing growing up and how this makes them feel. We will be discussing how they are able to do different things now that they were not able to do when they were younger.

**How can you help?**

Continue reading with your child and practising their spellings each week.
