### Chips and Peas

Chips represent the tens. Peas represent the ones. Talk about the number of chips and peas in each of the numbers. Draw the chips and peas. Count the chips in tens then the peas in ones.

$13 + 21 =$

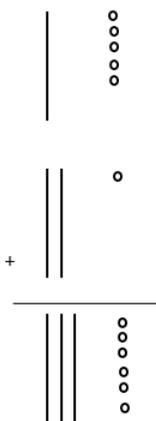

$25 + 17 =$

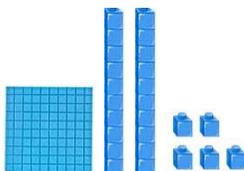

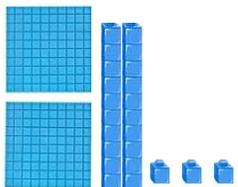

The children then progress into laying their chips and peas out in a column layout to prepare for column addition.

$15 + 21 = 36$

$223 + 125 =$
