

Safer Internet Day on Tuesday 5th February 2019 had the theme 'Together for a better internet'. St Anne's School has been a supporter of SID for many years and again registered with the site to show our support.

To celebrate the day, St Anne's School and Sixth Form College arranged a whole range of activities throughout the week of 4th – 8th February to ensure that all students were involved across the school and in the residence, but with particular focus on events on 5th February as the official Safer Internet Day.

We ran a colouring competition of the Safer Internet logo so that parents and carers could get involved with our safer internet message. We also ran a competition for classes to work together to produce a photograph on the theme of Together for a better internet. Upper 5 were the winners with their helpful advice.

The winning entries and two of our competition winners with their prizes.

Two of the entries for class photos.

Enjoying Safer Internet Day activities.
