15th February 2019

Dear Parents/Carers

We are writing to inform you that following a rigorous due diligence process and consultation with parents, staff and wider community, the Governing Board of Bedgrove Junior School has this morning taken the decision to complete the process of converting to an academy and join the Great Learners Trust.

We are grateful to all members of our community who took part in the consultation and shared their thoughts and questions with us. We are very excited at the prospect of joining the Great Learners Trust and the opportunities this will bring for our whole school community. Our proposed conversation is the 1st April 2019 and we will write to you prior to this time with more information.

If any parents or carers have any further questions please do not hesitate to contact either of us to discuss these further.

Yours Faithfully,

L Greco
