

PE Being healthy is very important.

Look through your cupboards and make a list of everything that has palm oil in. Create a fitness routine to help become more fit.

Creative Only using recycled material, can you create the head of a rainforest animal? The picture will help.

Geography You are now a travel agent. Find the best way to travel to the Amazon rainforest and include all of the activities. Don't forget to budget for food, accommodation, travel and nights of fun. Challenge? Can you do this for under £1500

Design and Technology

Create a brand new recipe that has been inspired by the rainforest. If you're feeling brave. Test it out on your friends and family. Make sure you record, photograph or write it!

Science Use a camera and explore the creatures in your garden or at a local park.

Can you use the pictures and create a classification key to sort them?

Rainforests

This term we will be continue on our journey learning about the rainforests of the world and how this has helped shape what we know. Please choose **at least 2** projects, but you can do as many as you like. You may even want to think of your own projects to complete. Be adventurous and challenge yourself.

All home learning needs to be in by **Monday 1st April 2019**. Mrs Singh and I cannot wait to see them!

English

Write your own poem that uses alliteration and similes. Be sneaky. **DON'T TELL US WHAT IT IS ABOUT.** Make sure you use show not tell to keep us guessing.

Up for the challenge?

Maths

TIME FOR PAYBACK.

Use everything you have learnt in school and create your very own test for Mr Renzi to complete.

Use pictures and word problems based on your favourite rainforest creatures.
