We thought this planner might be useful for you to have at home but please do not 'teach ahead'

You *can* help by:

- learning new High Frequency words and practise recognising without sounding
 - after this half-term, there will be no more new High Frequency words. This gives a great opportunity to make sure your children are confident at recognising (without sounding) before we begin our end-of-year assessments next term.
- sounding through and writing 3-letter words using familiar sounds eg **sat pat pan man mat tan pin nip tin tip**
- using sounding and blending skills to read 3-letter words using familiar sounds
