

Term 4

Week 1

Class 2 – Weekly Update

What have we been learning about?

In English, we have started 'The Rainbow Fish' by Marcus Pfister. We have been learning what expanded noun phrases and adverbs are and how to use them to describe the Rainbow Fish. We also created some role plays about the importance of sharing.

In Maths, we have started our new unit on multiplication and division. We have been exploring repeated addition and how it links to multiplication.

In Science, we learnt about the life cycles of different animals and how animals change as they grow.

How could you help us with our learning at home?

Please continue to read with your children at home. This should include hearing them read aloud to build on their expressive reading skills as well as discussing what they have read to encourage comprehension.

Please see the curriculum link letter for more ways to support your child at home.

Dates coming up/Things to remember:

Parent consultation evenings will be on 19th and 21st March.

Our trip to Bristol Zoo is Wednesday 20th March.

PE will still be on a Monday and Wednesday.

Homework

Later this term we will be writing recounts in English. I would like you to write a recount about somewhere you visited in half term. Please try and remember how you felt when you visited this place and what you did there. Please use time connectives in your writing, e.g. first, then, next, after that. I look forward to reading them!

Spellings: The new spellings for each week this term are on the Class 2 webpage and will be sent home. Please practice these at home with your child and there will be a test each week in class. Some children will have other spellings sent home.

For next week: The /zh/ sound spelt 's': television, usual, treasure, division, pleasure, usually, leisure, vision.

Contact:

Don't forget that we are always available should you have any questions or concerns. You can contact us through the email below. Alternatively, you can send in a note via your child to pass on.
