

In **maths** the children will:

- Use, read, write and convert between units of measurement of mass, length, volume and time.
- Calculate the area and perimeter of rectangles, triangles and parallelograms
- Calculate the volume of cubes and cuboids
- Solve problems involving ratio and proportion

In **art** the children will:

- Learn to pinch clay to make a pinch pot
- Learn how to join clay pieces using scoring and slip
- Create an imaginary creature using clay

In **science**, the children will:

- recognise that living things produce offspring of the same kind, but normally offspring vary and are not identical to their parents
- Identify how animals and plants are adapted to suit their environment in different ways and that adaptation may lead to evolution.
- recognise that living things have changed over time and that fossils provide information about living things that inhabited the Earth millions of years ago

In **literacy**, the children will:

- write a persuasive advert and an explanation linked to the our class theme
- read and respond to a range of texts, building on their vocabulary and developing their retrieval and inference skills
- consolidate their understanding of different types of sentence and the use of conjunctions to join clauses within a sentence

# Invention and Discovery

Class Novel

Brightstorm by Vashti Hardy

In **PE**, the children will:

- Improve their attacking and defending skills through playing Hi-Five Netball.

In **RE**, the children will:

- know that Jesus' miracles led many to believe that he was the Son of God
- know about the Passion and Death of Jesus and consider its importance
- understand and reflect on what the Resurrection of Jesus means for us.
