

Faith Class

Your home learning for each term is YOUR CHOICE! You will be given you 3 weekly activities that **must** be done. You will then have 4 further activities to choose from and you will need to complete at least 2 of these activities over the term. If you think of something different to those that are listed, check with your teacher and you could do that instead! It is entirely up to you how you present your work but please try to do a variety of tasks. All home learning is due in on a **Wednesday**.

<p>Must do activities (weekly)</p>	<p>1. Reading x3 per week : Remember to record all reading in your yellow book</p>	<p>2. Complete the weekly home learning tasks set by Mrs Magson</p> <p>3. Spellings: Practise your spellings ready for you test on Thursday</p>
<p>Could do activities (during the term)</p>	<p>Evacuate! All of your family and pets are unhurt but you have been told to leave your house. <i>What ten things would you choose to take with you and why?</i></p>	<p>Measuring mountains Find out about five different volcanoes. <i>How tall are they?</i> Present your findings on a bar graph. You could also colour in the country where each volcano is located on a world map.</p>
	<p>Safe buildings Design a new building that is capable of surviving a volcano or an earthquake. You could create a model, draw your design, use a computer program or any other way that you can think of to present your ideas.</p>	<p>Fossils Use salt dough to create a fossil. Write some instructions or take pictures to show how you created it!</p> <p>www.makelifelovely.com/diy-dinosaur-fossils-with-salt-dough/</p> 

TOP TIP! Most of these projects may take a few goes before they are finished, that's normal. Plan out what you want to do before you start, chat through your ideas with someone else if you want to **but the end result must be your own work**. Take your time, redraft if you need to. Produce your best work and have fun!
