

Strategies to support Numeracy in Year 2

Addition

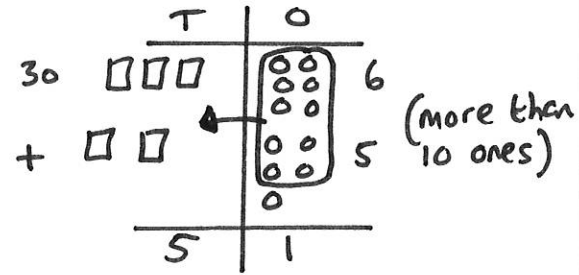

key words:

Add
plus
more than
altogether
increase

crossing the tens boundary

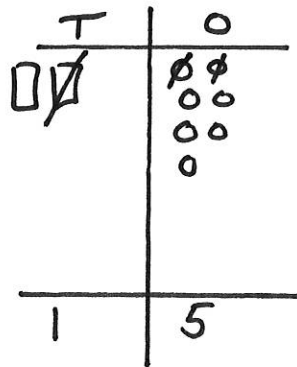

$36 + 15$

Subtraction

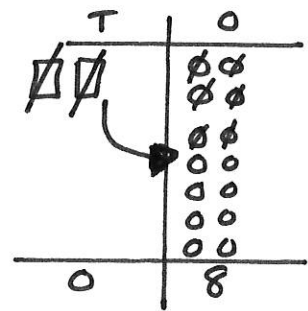

Subtract
less than
minus
difference between

$27 - 12$

Taking away with exchange

$24 - 16$

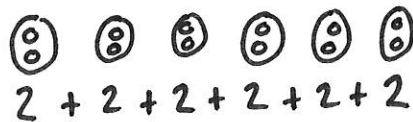

Multiplication

multiply
multiple
times
double
lots of

6×2

6 lots of 2

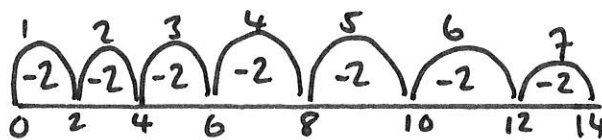

Division

Share between
Share equally
divide
half

$14 \div 2 = 7$

14 shared between 2

* can't back from 14
* subtract the number
you are dividing by

i.e. $\div 2 (-2)$
 $\div 3 (-3)$
