

SATs Parent Information Evening

WHAT ARE SATs?

In England and Wales all pupils at the end of Key Stage 2 (Year 6) are tested in English and Mathematics.

The 2019 SATs are tests to assess the 2014 National Curriculum.

2016 was the first year of the new tests.

The government expectation is for all Year 6 pupils to attain the standard of 100 for English and Maths. All children will take the tests.

How will the SATs data be used at Ryedale?

- We will have 150 students joining us in September to form year 7
- Almost all of these students will have a SATs score
- This provides a fair way of comparing prior ability and will be used to construct sets
- This data is used by the government to produce GCSE targets for students
- ***Other schools may run CATS tests instead of or in addition to SATs***

- We have our own assessment schedule from September of year 7 onwards
- ***Subsequent setting decisions will be based on our assessments***
