

Morning of Music

Dear Parents/Carers,

On **Thursday 21st March** children from **1C** and **1P** have been invited to take part in Coventry's 'Morning of Music' which will be held at **Walsgrave Academy**. There will be other schools joining us for this event, which is free, and it will be running throughout the morning.

We have been learning five songs that center around the theme of 'Looking After the Earth'. The songs all have an important message that focus on how we can help save our planet. The children usually create some sort of outfit or prop for the event but this year we thought it would be great to dress up as superheroes.

Children can dress as a superhero but is not expected that parents or carers buy their children new outfits for the performance. We will be making superhero headbands in school for each child.

Please could you ensure that your child brings their **named** costume in a **named** bag as the children will change into and out of their outfit at school.

If you have any questions, please do not hesitate to come and speak to us.

Many thanks,

Mrs Cherry and Mrs Prudham.
