TO: **ALL YEAR 4 PARENTS/CARERS**

Dear Parents/Carers

Re: **HOLI FESTIVAL**

As part of our India topic, the children have been learning about Holi - the festival of good triumphing over evil. On Wednesday 20<sup>th</sup> March 2019 the children will have the opportunity to experience what it is like to be a part of Holi festival.

Children will need to bring in old clothes that they can change into because part of the activity will involve them throwing powder paint at each other! They will also need to bring in swimming goggles or DIY/Science protective goggles to be able to take part. Your child will remain in their coloured outfits until the end of the day. The paint is a non-toxic and easily washable powder. If the weather is not suitable for the event, we will postpone it until the weather improves.

We are sure that the children will enjoy this activity but if you do *not* wish your child to take part then please speak to your child's class teacher.

Yours sincerely

Rebecca Stacey
