

Photo Consent Form

We sometimes take photographs or video footage for publicity purposes. These images may appear in our printed publications, on our website or within social media including Facebook and Twitter. We may also send them to the news media who may use them in printed publications, and / or on their website and store them in their archive. They may also syndicate the photos to other media for possible use, either in printed publication or on websites or both.

The images we take will be of activities that show the school / children / council staff or the organisation in a positive light e.g. charity or community events, sports, awards and prize giving.

Embarrassing or distressing images will not be used. The images will not be associated with distressing or sensitive issues or to do with a child's welfare.

Please note that websites can be viewed throughout the world, not just in the United Kingdom where UK law applies. In giving your consent, you understand that the photos may be used in both printed and electronic form.

We will take all reasonable measures to ensure the images are used solely for the purposes for which they are intended. However we cannot guarantee that this will happen and take no responsibility for the way images are used by other websites or publishers, or for any consequence whatsoever arising from such publication.
