

English

In our English lessons this term we will be looking at how to write a set of instructions correctly. We will look at the different features and finish the topic by writing our own instructions relating to our art lessons and making paper aeroplanes.

Physical Education

During our P.E lessons we will be learning different forms of dance.

Maths

In maths this term we will be exploring topics including place value (within 50), counting in 2s, 5s, and 10s.

Spring Two Transport

Art and Design

During this term the children will have the opportunity to make a 3d model of a hot air balloon. We will use paper Mache and paint to decorate our balloon with our favourite colours and patterns.

History

In history we will be learning about the different forms of transport and how they have changed throughout time. In particular we will be looking at the first flight,

Science

During this term we will be researching different materials including plastic, rock, water, metal and wood. We will complete different experiments to help us explore our scientific vocabulary.
