Headteacher's Weekly Message

Dear Parents & Carers,

We have really enjoyed our Science day this week. Children travelled around different classes on Wednesday to be taught a science activity by different teachers. The children have said they really enjoyed the experience and it was great to have a whole day to focus on Science. The Y2 and Y3 children had the opportunity for a bonus day on Science on Thursday with visitors from the University who brought in some amazing activities and equipment all about the brain and how it works. The children were really enthused by what they learned and it was great to have so many expert adults working with the children. Thank you so much to Mrs Garwood for organising this event.

Teachers had some training this week on Computing and how to build computing links into the topics coming up in the next two weeks. There were some really creative ideas and I look forward to seeing how these develop in the children's learning next half term.

It is our six weekly assessment week next week. The teachers will be spending time really trying to analyse the gaps in pupils knowledge so that they can feedback to you in the end of Spring Term reports and also plan for learning in the last term of the year so that we can really try to meet children's needs.

Have a good weekend
