To use a variety of lines and shapes to create forms.	<p>Milestone 3</p> <p>Show an understanding of lines and textures using different materials to create forms.</p>	<p>After reading the section in Macbeth, children write down descriptions of the 3 witches on WB. Using details from the story, children imagine what the witches might look like. With support, children research a witch picture. Using pictures from the internet, books and magazines, children sketch the outline after watching video instruction from experts. Teacher encourages use of hatching, cross hatching, stippling and other sketching techniques.</p>	<p>With prompts, children research a witch shape. Using pictures from the internet, books and magazines, children sketch the witch. Using pencils and a variety of line, texture and shading children create a detailed form of a witch.</p>	<p>Independently, children research a witch figure. Using pictures from the internet, books and magazines, children sketch the outline of a witch. The children use a variety of line(3d shapes), texture (cross hatching,) and shading techniques to create a 3d form.</p> <p>Assess work and identify areas where they can improve.</p>	<p>Books, Magazines Internet Chalk pastels Dark paper</p>
