19th March 2019

Dear Parents,

Science Week

We are hugely excited to inform parents that our school will once again be taking part in Science Week this week. After the success of last year's event, our aim is to once again get every child actively involved in science using a combination of whole-school and class-based activities and experiments. All classes will move away from their traditional timetable for the end of the week to take part in nothing but scientific fun and creativity!

One feature of the week will be the whole-school Brilliant Birds challenge, in which children will work in pairs or small groups to design and make the most beautiful, well-constructed bird with a limited amount of resources. Winners of the competition from Key Stage 1 and Key Stage 2 will have their Brilliant Bird entered into a national competition.

I would like to take this opportunity to say how fantastic it is to see the curriculum celebrated here at Moss Bury and how pleased I am that we are once again a hub of creative activity this week.

At the end of the week you will be able to see some photographs of some of our children participating in their experiments on the school's website at www.mossbury.herts.sch.uk

Yours sincerely,

A handwritten signature in black ink, appearing to read "Mr Henley".

P.P. Mr Henley
Deputy Head
