

Spring 2 – Teacher comments

It has been very exciting half term in Nursery. Our theme for this half term is 'Eggs' and we have had 4 ducklings staying with us!!! They arrived in an incubator and we watched them hatch. After a few days they were able to go in water and we watched them learn to swim and dive under the water. They had a lot of fun. We have been looking at pictures of ducks and making our own pictures with paint and collage materials. Parents were invited to our 'Stay and Play, Make a Duck Day' which was a quacking success! Parents made ducks with the children and met the ducklings.

On 'Shrove Tuesday' we mixed the ingredients and made pancakes. The teacher flipped them over and they landed in the pan. The children tasted them and chose lemon and sugar or syrup as their filling. They were yummy!

On World Book Day, we dressed up in our favourite costumes and talked about our outfits. We read stories and made pictures about some of our favourite books.

On 'Red Nose Day,' we all wore red and donated to Comic Relief. We decorated buns with red noses and made some of the red nose characters.

Parent Progress Meetings have been held this half term. Thankyou to all parents who attended.
