Computer Safety Group

Meeting – Tuesday 19.03.19

Members: absent
- Kay O'Neill, Geoff Ogden,
- C5: Brandon, Lauren Oglesby
- U1: Alex, Evie, Matthew, Alfie, Dave Syrett
- U2: Sharron O'Keefe
- U3: Tyler, James, Bobby, Sky
- U5: Amy, Benjamin Smith
- Sixth Form: Ryan, Adam, Kyle

Discussed at this meeting

- **SID 2019 success**
  Geoff thanked everyone for all their hard work and said that St Anne's supported SID more fully than any other school in the East Riding and that every class was involved. But, we were to continue with the hard work as we have to think about internet safety all year round and not just one day. The students were asked to pass the thanks on to their classes.

  Sky said that she had enjoyed the colouring competition. It was agreed by the group as a good event as it was one way of making parents interested.

  Dave suggested that next year the students could create a SID wordsearch using a wordsearch maker.

- **Swiggle**
  Geoff asked the group about which search engine they use and it was universally agreed that everyone used Google. It was suggested that the group should try Swiggle instead as it was more child friendly and to tell their classes. Sharron said that she would email theonepoint so it could be the home page on the internet home page if using pupil log-on.

- **Computer Safety Group – terms of reference**
  Sharron read these to everyone and it was agreed that these were acceptable to everyone present. The group signed a copy of the terms of reference. As part of this a chairperson had to be chosen. Lauren nominated Sharron and Dave seconded this. As there was no other nomination, Sharron continued as Chair of the Computer Safety Group.

To be discussed at next meeting
- New committee members

Date of next meeting: Summer Term – Tuesday 2.30pm in U2 – date to be confirmed
