# FULL STACK DEVELOPMENT WITH AI

**Build for the Web. Learn Across the Stack.**

A structured program covering frontend, backend,  
databases, & AI-powered workflows.

## Program Overview

Duration:

**8 Months**

Mode of Learning:

**Online (Live + Recorded)**

Language:

**English**

EMI Options:

**No Cost EMI available**

Support:

**Weekly Doubt Sessions**

**SME Support, 1:1 Help**

Certification :

**PW Skills &  
PwC Certification**

**SKILLS**

**pwc**

## **Why Full Stack Development?**

Learn how to build functional, scalable web applications using widely adopted technologies.

Get familiar with tools that are part of modern developer workflows, including AI integrations.

## Job Assistance

### Career Portal Access

Apply to curated job roles post-completion

### Letters of Recommendation

Earn mentor-issued LORs

### Portfolio Guidance

Build job-ready projects during the course

### Coding Challenges

Practice with guided problem sets

### Mock Interviews

Sharpen interview skills with feedback

### Resume & Interview Prep

Structured support to build and polish your resume

### Hackathons

Participate in real-world project competitions

### Peer Community (Telegram)

Connect with learners, share progress, & discuss doubts.

### Ticket-based SME Doubt Resolution

Raise queries and get help via tickets.

## Success Stories

PW Skills played a significant role in my journey to becoming an Associate Software Developer at IndiaMart. The faculty's support and the practical learning environment provided by the course curriculum were instrumental in my professional growth.

Shubham Shrivastava  
Associate Software Developer

PW Skills' faculty guided me through app development intricacies. Their support and curriculum shaped my career at Map My India. Truly grateful!

Anish Chandra  
Application Developer

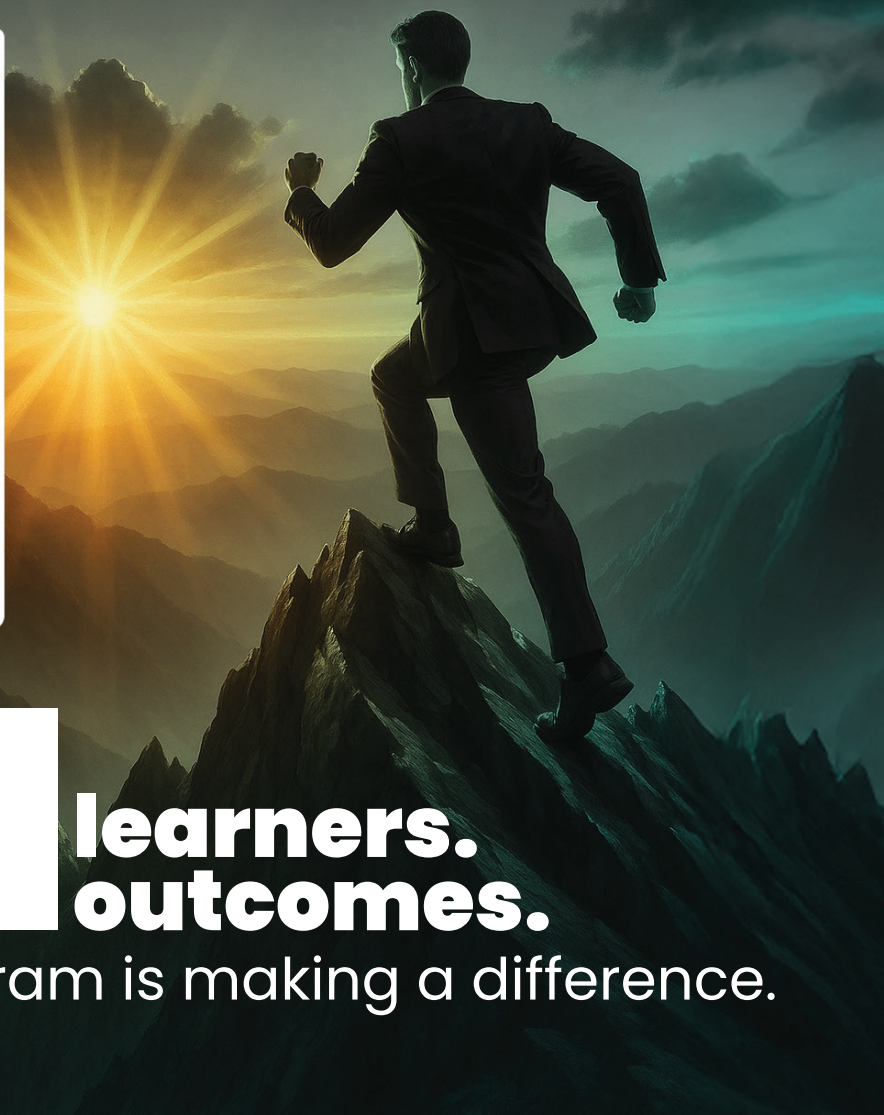

The training I received at PW Skills was essential in my journey to becoming a Software engineer at Newgen software. The faculty's expertise and the comprehensive course curriculum provided me with the skills and knowledge necessary for success in the field

Pranshu Adhwaryu  
Software Engineer

# Real learners. outcomes.

Here's how our program is making a difference.

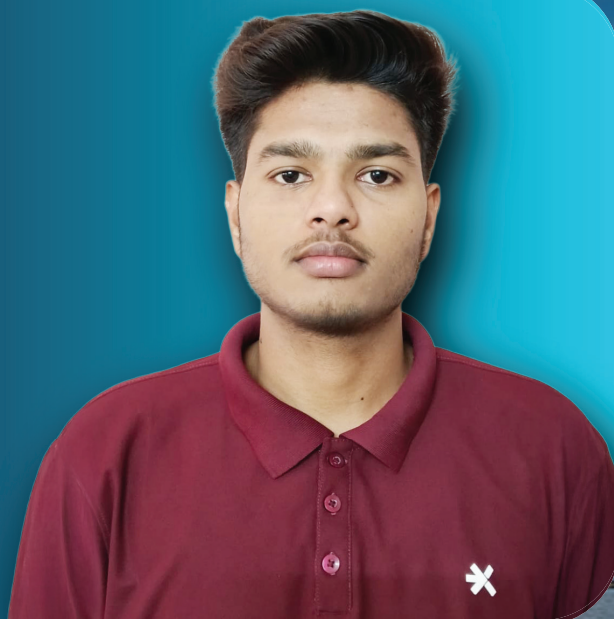

# Career Transitions

Transitioned from a non-tech role to working at MountBlue Tech

Zakir Khan

## Placement Highlights

**DEV BHATTACHARYA**  
Full Stack Development  
**IQVIA**  
Software Developer

**ANCHAL KUMAWAT**  
Full Stack Development  
**Q6 India pvt Ltd**  
Product Configuration Management

**CHANDRASHEKHAR GHOSH**  
Full Stack Development  
**Webisdom**  
Software Developer

# What You'll Learn

Develop frontend, backend, and deployment skills—supported by version control and industry tools.

## Frontend

- HTML
- CSS
- JavaScript
- React
- Redux

## Backend

- Node.js,
- Express.js
- REST APIs

## Databases

- MongoDB
- MySQL
- Schema Design

## Version Control

- Git
- GitHub
- collaborative workflows

## Programming

- DSA with JavaScript

## AI Tools

- GitHub Copilot
- ChatGPT

## Cloud Deployment

- Netlify
- Vercel
- Heroku

## Curriculum & Learning Experience

Learn by doing with a curriculum built for real-world impact.

Module	Topics Covered

# Projects & Capstone

Gain real-world experience by building a job-ready portfolio with hands-on projects.

## Swiggy Clone

Recreate the iconic homepage of Swiggy. Practice frontend design, UI optimization & responsive layouts.

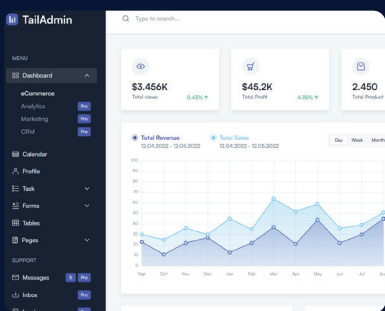

## Hex Color Game

Decode colors and sharpen your JavaScript skills through an interactive browser game.

## Video Streaming Platform

Build a full-featured video app with complete frontend-backend integration.

## Admin Dashboard

Use Chart.js and React-Chart to create a sleek, data-driven admin panel.

## Capstone Project

Build a complete full-stack application from scratch—your signature portfolio project.

## PwC Case Studies

Work on live industry case studies co-designed with PwC to demonstrate enterprise-ready skills.

## Find the Right Plan for You

Feature	Basic	Premium	Pro
Delivery	Pre-Recorded	Pre-Recorded + Live	Pre-Recorded + Live
Duration	8 Months	8 Months	8 Months
